

Last year two of us in the chapter participated in this event sponsored by Team Strange Airheads to benefit Eddie's Road (<http://www.eddiesroad.org>). This year four of us are riding.

The event lasts from March 14 to November 14 and covers 17 to 20 towns all over Georgia. Each year the event has a different theme. Last year was the Civil War. This year it is railroads. GPS coordinates, addresses and pictures are provided for places you must visit and provide proof you visited the site. It can be a building, a historical marker or other place. We have had so much fun doing these rides and have learned so much about our state. Sometime it is like a scavenger hunt trying to find the exact picture you are to take.

If looking for different places to ride, learn of your state and support a good charity this event is highly recommended. We have all had a blast and rode some interesting roads.

For more information check out their website at www.gagrandtour.com

SAMPLES OF SITES VISITED

GUN POWDER FACTORY, AUGUSTA GA

JEFFERSON DAVIS CAPTURE SITE, IRWIN GA

GEORGIA NORTHERN ENGINE 107,
